## Performance Audit Training in Full Swing

This past year saw us deliver performance audit training across the country in over a dozen offerings. With the renewal of our *Effective Reporting Writing* course, all four CCAF PA courses have now been renewed – and they are getting excellent reviews from participants.

Learn more about our courses:

- Fundamentals of Performance Auditing
- Advanced Performance Audit Training
- Evidence Collection and Analysis Techniques
- Effective Report Writing

What people are saying CCAF's *Advanced Performance Audit Training* –

*"Workshop is a must. (...) Everyone below the engagement leader (in some cases also the engagement leader) could certainly benefit from this workshop."*

## New Director of Oversight is Leading Revamped PAC Workshops

CCAF's new Director of Oversight, **Lesley Burns**, is now leading our efforts to building the capacity of public accounts committees (PACs) in Canada and abroad.

We recently delivered an Orientation workshop to the Canadian Federal PAC, following the Oct. 2015 election – the first workshop CCAF has delivered to that jurisdiction in over a decade.

Learn more about our work for PACs...

### Lifecycle of a PAC

## Another Year of Successes for the International Legislative Oversight Program (ILOP)

CCAF's international program continued its success in building performance audit capacity in the SAIs of Cameroon, Ghana, Tanzania and Vietnam, through Fellowships in Canada and training abroad:

- Four Fellowships concluded in May 2015 and another eight are underway. CCAF held advanced performance audit courses in Cameroon and Vietnam and co-facilitated a regional AFROSAI-E course in Tanzania, which included participants from Ghana and Cameroon.
- CCAF supported the Vietnam SAI as it implemented the INTOSAI PMF this year, and sponsored Ghana and Tanzania in regional training on this tool.
- Following the Tanzanian election, CCAF met with oversight committee members to discuss their needs and plan an orientation workshop for April 2016.
